NROTC APPLICANT FITNESS ASSESSMENT

The NROTC Applicant Fitness Assessment (AFA) is a component of the NROTC application and must be submitted to your recruiter in order for the application to be complete. The test consists of abdominal crunches, push-ups, and a one-mile run. The purpose of the test is to evaluate your level of physical fitness. The test can be administered by any physical education instructor, athletics coach, an active duty officer, active duty E-7 or NJROTC instructor. Applicants accustomed to regular physical activity should have no difficulty with the AFA. Being properly conditioned prior to reporting to your NROTC Unit cannot be overemphasized. You will be far better prepared to meet the stringent physical demands of the NROTC Program if you maintain a high level of physical fitness during high school.

The three test events of the AFA are administered consecutively in a 25-minute time period. Applicants should attempt to do their best on all events, keeping in mind that the events are sequenced to produce a cumulative loading effect. Applicants’ scores will be included in their application to the scholarship selection board. The maximum score, by event and gender, are listed in the table below. An applicant who achieves the maximum level on either of the first two events should not attempt further repetitions, as this will not improve his/her score.

Test Site

The AFA can be administered in two adjacent venues; an indoor gymnasium and an outdoor track.

The 1-mile run is the last event administered in the AFA. Although it may be administered in an indoor gymnasium or stadium, time has been allotted for transit to an outdoor track. Regardless of the 1-mile run course, the running surface should be flat and free of debris. In either the indoor or outdoor facility, it is imperative that the 1-mile distance be measured accurately. In submitting the time for the run, the applicant and scorer are affirming that the 1-mile distance has been measured and is accurate.

Test Procedures

The AFA may be conducted at any time during the application period (April thru January) but must be accomplished in order for the application to be processed by the recruiter. Results of each event will be recorded on the AFA score sheet; the score sheet will be given to the recruiter for inclusion in the application package.

On test day, the applicant should be encouraged to spend 20-30 minutes in active warm-up and stretching prior to beginning the test. The test battery must be completed according to the timeline below, and applicants are not permitted to warm up, rest, or practice other than during the time officially allotted. The administering official will read and be familiar with these test instructions prior to administration. The following statement must be read verbatim to the applicant prior to beginning the test:

"You are about to take the Naval ROTC Applicant Fitness Assessment. The results of this test will be used in the NROTC scholarship application process by demonstrating your level of physical fitness. You may cease work when you have scored the maximum for any individual event. Otherwise, do your best on each event. You have 25 minutes to complete the entire test. After you complete each event, the scorer will record your score and the time the event was tested. If at any time you cannot continue to meet the timed requirements, the test will be terminated."

Testing Sequence
The test sequence will follow the order listed below. This order cannot be modified. There are no exceptions to this sequence or timing.

<table>
<thead>
<tr>
<th>Events</th>
<th>Test Start Time</th>
<th>Event Testing Time</th>
<th>Rest</th>
<th>Total Elapsed Time</th>
</tr>
</thead>
<tbody>
<tr>
<td>Crunches</td>
<td>0:00</td>
<td>2 minutes</td>
<td>3 minutes</td>
<td>5:00</td>
</tr>
<tr>
<td>Push-Ups</td>
<td>5:00</td>
<td>2 minutes</td>
<td>3 minutes</td>
<td>10:00</td>
</tr>
<tr>
<td>1-Mile Run</td>
<td>15:00</td>
<td>10 minutes</td>
<td>5 minutes</td>
<td>25:00</td>
</tr>
</tbody>
</table>

* The 5-minute rest includes the transition time to the outdoor track. If the 1-mile run cannot be started by minute 15, an alternative arrangement for a running surface must be found.

**Abdominal Crunches**
This measures abdominal/core body muscular endurance.

The applicant must:

Assume a supine (back on floor), bent-knee position (approximately 90-degree bend) on a mat with arms crossed, fingers extended, touching the top of the shoulders, with shoulder blades touching the floor/mat.

Upon the command "GO", flex from the hip, raising the elbows so that they touch the front midpoint (or higher) of the thigh without finger tips losing contact with the top of the shoulders; extend from the hip until the shoulder blades touch the floor/mat.

Applicants cannot rest in the down position. Resting is only permitted in the up position. Fingers must stay in contact with the top of the shoulders while resting, and applicants cannot grab their legs or touch the ground with their hands.

The scorer will:

Note the event start time (should be 0:00 elapsed).

Monitor the start position to determine that the applicant's shoulder blades are touching the mat, fingers are touching the shoulders, knees are bent approximately 90 degrees, and an assistant is properly holding the applicant's feet (hands only on top of each ankle or foot).

Give the command "GO" and start a stopwatch for the 2-minute trial.

Count one repetition each time the applicant's shoulder blades touch the floor/mat.

Monitor body position making sure during each repetition that the buttocks stay in contact with the mat, knees are bent appropriately, hands remain in contact with the shoulders, elbows make contact with the mid-thigh, and shoulder blades touch the floor/mat.

Verbalize "NO" for any repetition that does not meet the criteria listed above.

Stop the test at the 2-minute mark and record the number of repetitions.

**Push-ups**
This measures upper body muscular endurance.

The candidate must:
Assume a prone (abdomen toward the ground) position supported on one knee on a 1-inch mat or a hard surface floor.

On the command "READY POSITION", assume the front-leaning rest position (arms extended) by placing your hands where they are comfortable (Width is variable). Feet may be together or up to 12 inches apart. When viewed from the side, your body should form a straight line from your shoulders to your ankles.

On the command "GO", begin the push-up event by bending elbows and lowering entire body as a single unit until your upper arms are at least parallel to the ground (90-degree bend). Return to the starting position by extending arms and raising entire body as a single unit until arms are fully extended.

May rest in the up position, flexing or bowing the back as long as hands and feet remain in contact with the floor, and no other body part touches the floor.

Must return to the generally straight body position before attempting another repetition.

The scorer will:
Note the event start time (should be 10:00 elapsed).
Give the command "GO" and start a stopwatch for a 2-minute trial.
Monitor each repetition, making sure body remains straight, moving as a single unit, upper arm is parallel to the floor in the down position, and the arms come to full extension in the up position.
Verbalize "NO" for any repetition that does not meet the criteria listed above. Stop the test at the 2-minute mark and record the number of repetitions.
Terminate the event if the candidate lifts a hand or foot off the ground or touches the ground with any body part other than the hands or feet.

**Mile Run**
This measures aerobic capacity and endurance.

The candidate must:
Run continuously for one mile (walking is allowed although strongly discouraged).

The scorer will:
Certify the 1-mile run distance.
Note the start time (should be 15:00 elapsed)
Give the command "GO" and start a stopwatch.
Monitor the candidate to make sure that he/she does not:
Receive physical help during the event.
Leave the designated running course for any reason.
Receive pacing by another person.
Stop the watch as the candidate crosses the finish line, and record the score in minutes and seconds.
NROTC APPLICANT FITNESS ASSESSMENT

OMB Control Number: 0703-0026, Exp. ________________

AGENCY DISCLOSURE STATEMENT

The public reporting burden for this collection of information is estimated to average 4 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, to the Department of Defense, Washington Headquarters Services, Executive Services Directorate, Information Management Division, 4800 Mark Center Drive, East Tower, Suite 02G09, Alexandria, VA 22350-3100 (0703-0026). Respondents should be aware that notwithstanding any other provision of law, no person shall be subject to any penalty for failing to comply with a collection of information if it does not display a currently valid OMB control number.

PLEASE DO NOT RETURN YOUR RESPONSE TO THE ABOVE ADDRESS.

Responses should be sent to: Commander
Naval Service Training Command
2601A Paul Jones Street
Great Lakes, IL 60088

PLEASE READ THE FOLLOWING STATEMENT REQUIRED BY THE PRIVACY ACT OF 1974 BEFORE COMPLETING THE APPLICATION.

1. AUTHORITY: The authority to request this information is contained in: 5 U.S.C. § 301 (Authorizing Departmental Forms and Regulations); 10 U.S.C. § 2107 (Financial Assistance Program); and Executive Order 9397 (Use of Social Security Numbers).

2. PRINCIPAL PURPOSE(S): The information you provide will be used to determine whether you qualify, and should be nominated for, an NROTC Scholarship. If you are nominated, the information will be used to enroll you into NROTC and will be used by the Navy in its management of the NROTC program. The following systems of records notices cover the collection of this information: N01131-1 located at http://dplo.defense.gov/Privacy/SORNsIndex/DODComponentArticleView/tabid/7489/Article/6411/n01131-1.aspx, and N01180-3 located at http://dplo.defense.gov/Privacy/SORNsIndex/DODComponentArticleView/tabid/7489/Article/6410/n01180-3.aspx

3. ROUTINE USE(S): Information provided on the application will be used to screen and select individuals to receive NROTC Scholarships, to maintain data on the NROTC scholarship program, to compare to scholarship applicants from previous or subsequent years, and to provide academic data and contact information to Navy activities and admissions officials at colleges and universities so they can contact applicants for recruitment purposes. Information you provide in this application is protected by the Privacy Act and will not be released outside the Department of Defense without your permission unless it comes within an exception to the Act or one of the routine uses in 32 C.F.R § 701.112, http://www.privacy.navy.mil/ and the routine uses set forth here. If you are nominated for an NROTC Scholarship, the information will be released to the top five schools you indicated on your application. Your information and notification of status may also be provided to your high school so they may assist with the final stages of the process.
4. DISCLOSURE: The social security number (SSN) is required at the time of application to ensure proper identification of the applicants. There are times applicants have the same names, therefore the SSN is required to ensure proper identification. Providing the requested information is voluntary. However, failure to do so may result in our inability to process your application for the NROTC program.
